## ILA Mission Statement

We are locksmiths, carpenters, and building engineers employed by and/or working for colleges, universities, hospitals, companies, institutions and government facilities. We are involved in the installation, servicing, maintenance, specifying and/or recommending of security and life safety hardware.

Together, and individually, we are dedicated to the improvement of our profession. We strive to educate ourselves and increase our knowledge and ability, for our benefit and for the benefit of the institutions that we serve.

We strive to encourage good fellowship among our members by cooperating in advancing the best interests of the profession and the voluntary interchange of experience, training, and special knowledge.
